## K SERIES SMOOTHLINE

The K Series Smoothline is just one of our quality decorator rods available in a wide array of colours to suit any home. With a 38mm diameter, the rounded profile of the Smoothline offers an elegant finish to any conventional or S-Wave curtain, and can easily be set up as a double track, with our K600 behind. Select any one of our available finials to add the perfect finish to this track.

---
