

CURTAIN HARDWARE

K SERIES 600

Simple, yet very effective, the K Series 600 domestic tracking system will give that ‘final touch’ to any room it’s featured in. Suitable only for conventional curtains, the K600 gives you the choice of standard gliders or wheeled carriers to give the user smooth operation whether using the cord or hand options.

- Available in Anodised, Antique, Black, Birch White and White
- Compatible with both conventional style curtains and S-Wave curtains
- Rear slung track
- Hand or cord operated, centre close or one way draw
- Can be face fitted or top fixed, bracket covers optional
- Can be bent at a 150mm radius, can be radius curved onsite by fitter
- Available in 6 meter lengths, joiner optional
