

## CURTAIN HARDWARE

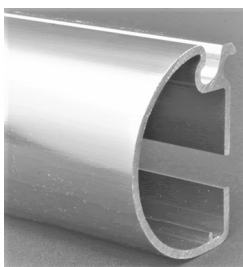

---

### K SERIES SMOOTHLINE

The K Series Smoothline is just one of our quality decorator rods available in a wide array of colours to suit any home. With a 38mm diameter, the rounded profile of the Smoothline offers an elegant finish to any conventional or S-Wave curtain and can easily be set up as a double track, with our K600 behind. Select any one of our available finials to add the perfect finish to this track.

- 
- Available in Anodised, Antique Gold (Plain & Reeded), Black and White
  - Suits conventional and S-Wave curtains
  - Rear slung track
  - Can be hand or cord operated, one way draw or centre close

- Option of End Caps, Pine Cone, Acorn, Mushroom, Fluted Ball or Crown finials
- K Series 600 used as back track on double set up
- Cannot be bent
- Available in 6 metre lengths, no joiner available
